

OTHER SELF GUIDED WALKS

1. WALKS FROM CHARLOTTE'S PASS:

- **BLUE LAKE, CARRUTHERS PEAK**
- **OLD TOP CHAIRLIFT STATION**, on the top of the range above the old Ranger Station on the Alpine Way
- **THE MAIN RANGE** (overnight) Charlottes Pass carpark, cross the Snowy River and go up Carruthers peak via Blue Lake, walk back a bit from the Peak and then head to Mount Twynham, and look for an informal track along the ridge to the bridge at Illawong Hut and then back to Guthega, for the second car. (We did it in one day starting at about 10am and finishing at 8pm). This is the best walk in the Snowy Mountains for views/photos of Townsend Spur, Sentinel Spur and Watsons Crag. Mount Jagungal is to the north. Use a good map and a GPS with the route marked. Beware of changes in the weather.

2. WALKS FROM PERISHER:

- **PINNACLE ROCKS**
- **DOWN TO GUTHEGA** on the road to Blue Cow

3. WALKS FROM THE ALPINE WAY:

- **MURRAY GORGE/GATES:** Murray Gates Road (Walking in and out)
- **DEAD HORSE GAP TO CASCADE HUT** (overnight)
- **DEAD HORSE GAP TO TEDDIES HUT** (overnight)

4. **WALKS FROM/NEAR SAWPIT CREEK**

- **THE WATERFALL TRACK (ROUND TRIP)**
- **DOWN TO THE PICNIC AREA ON THE THREDBO RIVER (not a round trip)**
- **RENNIX TRACK:** drive past Sawpit Creek and Wilson's Valley to Rennix Gap (before the Guthega intersection and Sponars Lakeside). Park in the car park at Rennix Gap and walk north along the marked track. This walk can be very challenging if wet but has great views of the Main Range (if you cannot get to Charlottes Pass or Guthega) and Lake Jindabyne (after about 4kms). There is a repeater station at the end and great views of the Park to the north.
